

EKAMANT

EKA 5000 ROLL

EKA 5000 IS AN ALL-AROUND PRODUCT MADE WITH LIGHT WEIGHT PAPER BACKING. The sharp aluminium oxide together with smooth stearate makes the product suitable for most types of wood applications and light metals. Due to the sharpness, less pressure is required to achieve high stock removal.

TECHNICAL SPECIFICATION

Backing: B-, C-weight paper

Grit: Aluminium Oxide

Treatment: Stearate layer

Coating: Semi Open

APPLICATIONS

Wood: Medium-hard wood

Lacquer: PU- and water-based lacquer

Specials: Brass, Aluminium, Plastic and Putty
