

EKAMANT

EKA 1000 E

EKA 1000 E IS A UNIVERSAL PRODUCT suitable for both hard and soft wood. The effective and durable aluminium oxide grain, combined with E-paper, allows for a sufficient sanding operation, especially on harder lacquer.

The antistatic paper backing reduces clogging issues and improves the service life of the product. It also contributes to cleaner surfaces when you are sanding wood, and potentially less lacquer consumption.

TECHNICAL SPECIFICATION

Backing: E-weight paper

Bonding: Resin over resin

Treatment: Antistatic paper backing

Grit: Aluminium Oxide

Coating: Semi open

A-range: P240 - P600

B-range: P120 - P220
